

Meet and exceed your Trust's infection control mandate

Infection Control is part of an expanding portfolio of compliance e-Learning modules developed by Premier IT, to enable Trusts to meet the requirements of the Clinical Negligence Scheme for Trusts (CNST).

Why use e-Learning?

e-Learning is a great way of reaching those who need to be informed. In such high risk environments as hospitals, it is vital that **ALL** Trust staff are fully compliant with your Trust's Infection Control mandate. This will enable them to lead by example, and help to minimise risk of infection outbreaks and transmission of germs.

What is included in this module?

This module will take your staff through the dangers and hazards of their workplace, and the procedures in place at your Trust to control HAI (Hospital Acquired Infection). As a result of taking this module your staff will be fully briefed on:

- Mandatory procedures to prevent HAI
- Incident management – what to do in case of infection outbreak or heightened risk
- Basic technical insight into microbiology of infection e.g. MRSA

With infection control a consistently prevalent topic in the national media, now is the time to ensure that your Trust is managing the risk of HAI in the most effective and efficient way possible.

Why Premier IT?

Premier IT has proven experience in delivering high quality customised e-Learning solutions to the NHS. Infection Control is just one of several e-Learning subject areas that we have developed, and can be easily integrated into your Trust's e-Learning programme. Our subject matter experts will work with you to design and develop a fully customised e-Learning solution, to meet the specific staff training requirements of your Trust.

Integrate into ANY LMS...

Our e-Learning modules can be implemented easily onto any existing Learning Management System (LMS), including the National LMS (NLMS). Alternatively we can provide you with your own fully developed and bespoke LMS, as we have done with many of our clients including Guy's and Thomas' NHS Foundation Trust.

Why use our LMS?

With the Premier IT LMS your Trust will be able to:

- track, measure and report progress of employees at every stage of development
- ensure all staff are fully compliant with your Trust's statutory and mandatory policies

In addition, it allows your employees to:

- access e-Learning anywhere, anytime... even before they begin employment
- receive automated messages supporting them throughout their learning

Available topics include:

- Blood Sampling
- Blood Transfusions
- Cerner Millennium
- Consent
- Cultural Policy
- Deaths
- Documentation
- ECG
- Equality and Diversity
- Equipment
- Fire Safety
- Hazardous Substances
- Health and Safety
- Incident Reporting
- Infection Control
- Junior Doctors Induction
- Major Incidents
- Manual Lifting and Handling
- Prescribing
- Risk Management and Assessment
- Safeguarding Children
- Safeguarding Vulnerable Adults
- Slips, Trips and Falls

Want to know more...

Our extensive range of NHS e-Learning services are currently being deployed and used at many NHS Trusts across the UK.
